Your business story powered up, amplified.

You're a rockstar

Studio Team creates visually-compelling and unique experiences for clients' customers and prospects through its 4K UHD production solutions and video marketing programs. Our enhanced video production packages include 360 video, aerial drone video and high-definition marketing and promotional videos to tell our clients' stories effectively and dynamically. Studio Team also offers content and content marketing solutions to small- to medium-sized businesses across the United States. Content is developed for blogs, brochures, publications, and websites. Beyond copywriting, we provide research and video content from the ground up.

WHAT WE DO

WEB CONTENT

Get more traffic and interest in your business by having fresh content supplied for your blog, website and social media sites.

4K UHD VIDEO

Use stunning, crisp, clear videos to enhance your website, social media channels, presentations and campaigns to clients and customers.

TV CREATION

Medium-sized companies and associations may need multiple videos, combining them with content to create channel programming and engage customers and support new product & service rollouts.

VIDEO

Our expert team is ready to record and professionally edit ultra-premium video of your business and your story.

IN 4K UHD

All packaged solutions include 4K UHD formats and complimentary YouTube set-up by request.
